

Interact Club

“Service Above Self”

Interact Club is a Rotary sponsored club at Lodi High that strives to make a positive impact both in school and throughout the community. We love to devote time to helping others and we are always open to helping those who reach out to us.

Even in the midst of Covid-19 we have done our best to support our community whether it be in person following guidelines or from afar at our very own homes. For example, we have helped The Salvation Army and Grace and Mercy with their events. We have also been able to host a "Sock Drop" and we have written cards to a variety of well deserving individuals.

Give us a follow on Instagram to stay updated on our projects/events!
